

Los Angeles Community Resource List

Get involved with local projects, places, and organizations that are making the shift towards a more permanent human culture (perma-culture) through education, community building, and action.

Let's create a better world, together.

Arroyo Seco Network of Time Banks

What if we traded time instead of money? Share your talents, develop new skills and receive help with unmet needs. The Arroyo S.E.C.O Network of Time Banks is a volunteer-led initiative that strives to create a community-wide circle of giving. Group projects to date include garden group + fruit harvesting & revolving loans.

Water L.A.

Waste less water and learn new ways to create a system of resiliency for your city with Water LA; this organization offers workshops and champions community retrofitting for the efficient use of water. Six key strategies including Rain Tanks, Greywater, Breaking up Hardscapes, and Infiltration Trenches that will transform water lost into vitality gained.

Rejuvenate the city with waterla.org

LA Green Grounds

Imagine if you could walk down a street and eat every single plant, flower, and fruit growing out of the sidewalk. LA Green Grounds is working to make that idea a reality; food forests are edible landscapes--trading out hedges and decorative plants for medicinal and healthful sources of food.

Make your garden edible

Transition L.A.

Offers resources, networking tools and a community for individuals who are committed to a vision of paradigm change in their neighborhoods/lives. Aims to raise awareness and support neighborhoods to respond to "the triple challenges of Peak Oil, Climate Change, and Economic Contraction, and instead develop a low carbon, resilient future."

The Growing Home

**24218 Doeskin Pl,
Diamond Bar, CA**

Have you ever wondered what your home could look like if it was a self-sufficient oasis? A world-famous model of sustainable living, TGH is actively redesigning their land according to permaculture principles, such as the installation of a rain catchment, terraced gardens, a chicken run, and composting units. Check out their community events, such as potlucks, film screenings, farm tours, and classes on growing food easily in an urban-suburban environment.
