

Den Hill Permaculture **V**
 Tour the farm and bring home some naturally grown fruit and produce, grown organically and sustainably. Sells produce at the Blacksburg Farmers Market every Wednesday and Saturday and the Community Market in Blacksburg on Tuesday and Saturdays.
Grow the local foodshed by connecting at [with Den Hill Permaculture on Facebook!](#)

The Hale-Y Community Garden **V E**
 A place to grow community, the verdant organic garden includes leased plots for personal use, a year-round green house growing program, permaculture design, and ecological educational programming through the Y's Open University. Volunteer as part of the Neighborhood Harvest program, harvesting local fruit and donating to food banks, and building a food forest in the spring.
Grow with and support the community with vtymca.org/garden_home.html

Blacksburg

Permaculture Resource Guide

Seek Education Explore DiScover **V E**
 Get the next generation engaged with nature! SEEDS nurtures and cultivates the natural awareness and curiosity in children by exposing them to natural settings, different cultures, and to scientific explorations of the cycles of life. Educational programs for kids, internships, and student project opportunities.
Develop your child's natural intelligences & learn with seedskids.org/

Get involved with local projects, places, and organizations that are making the shift towards a regenerative, more permanent human culture (perma-culture) on Earth through education, community building, and action.

Sustainable Blacksburg **V**
 Network with other members to tackle conservation projects, host workshops, and steward Blacksburg to a sustainable present. Holds four annual meetings centered around having an open discussion and strategy session about what environmental and local issues need to be addressed. Active website blog, and list of recommended media, literature, on varied ecological topics.
Adapt Blacksburg in regenerative ways with sustainableblacksburgva.org/

The Sustainable Food Corps **V E**
 Get local, Virginia Tech! This student group encourages the growth and distribution of healthy, organic foods on campus and throughout Blacksburg. Volunteer on the student-run farming acre, or help out with the free community meals put together by students and neighbors for all to enjoy!
Grow food again with vtsustainablefoodcorps.wordpress.com/

Know your farmers and eat local at the Blacksburg Farmer's Market! Fresh produce, herbs, craftwork, and ready-to-eat food and drink sourced from within 50mi and available year round. Cash, debit card, and SNAP/EBT accepted.
 Located @ Draper Rd NW & W Roanoke St. **V**
