**DENVER PERMACULTURE RESOURCES**

**Sprout City Farm**

Cultivate the local food system! With classes and tours on urban farm sites, movie nights and volunteer days, there is an opportunity for people of all ages to engage, re-kill, and empower the community.

**sproutcityfarms.org**  
**Grow Local Colorado**

A group of volunteers dedicated to promoting local food, local community, and local economy. Join up to plant, grow, and share healthy food with neighbors in need.

**Re:Vision**

Works to increase whole community access to healthy food by helping residents build and maintain thriving food hubs where fresh organic produce has been scarce.

**revision.coop**

**Urbiculture**

Many workshops and classes available for permaculture volunteers working on donated garden plots. Fresh produce available through the CSA program, a portion of which is donated to local food banks. Workdays regularly throughout the week!
